

HOPPER BARGE

Hugin R

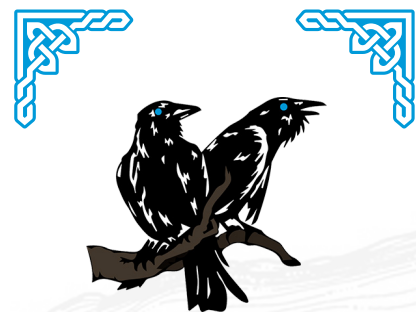

The self-propelled split hopper barge Hugin R has been **purpose-built** for the transport of all types of dredged materials.

This hopper barge can therefore be offered to a wide range of projects and provide a continuous and effective service to any dredger.

The **split hopper hull** is designed for quick discharge of all different sorts of soil.

The two engine rooms are equipped with powerful CAT C18 engines fully electronically controlled and easy to maintain, securing **continuous and high productivity**.

The barge is equipped with all the **latest environmental technology**, meeting and exceeding current regulations and industry standards. Furthermore, Hugin R operates solely with **biodegradable** hydraulic oils and lubricants. **RESON PDS 2000** allows for optimal and accurate operations, as well as precise load measurement.

Nordic mythology

Hugin and **Munin** are ravens owned by the god **Odin**. They fly all over the world bringing information back to **Odin**. Every night the ravens will brief **Odin** on everything that has happened during the day, amongst people as well as gods.
